Faithful Democracy is a growing interfaith coalition of congregations and faith-based organizations. We want our democratic systems to more closely align with the ideals of a beloved community in which members belong and contribute. Any major movement dedicated to comprehensive reform — from civil rights to debt relief for poor countries — has included the unique voice and perspective of the faith community. Our network of faith-based partners support transformational federal reforms that foster democratic integrity, inclusion and fairness. Whatever your level of engagement, we invite your faith-based entity to endorse this initiative to affirm the pressing need for reforms and the importance of multi-faith collaborative advocacy in this arena.

Our Objectives

**Advocate**
We utilize our collective voice and networks to press the moral case for a strengthened democracy. We root our advocacy in shared values from diverse traditions.

**Collaborate**
Our network of relationships connects engaged advocacy partners to learn from each other’s work and collaborate around federal reforms.

**Support**
We equip our partners with resources to educate and mobilize communities of faith in advocacy for transformational democracy reforms.

How To Engage

**Support The Mission by Endorsing our Voters Covenant**
Are you with a congregation, house of worship, organization, or group rooted in a faith tradition? Your group can become a listed partner by endorsing our Voters Covenant. The public statement of support for our mission carries no additional commitment, however we may invite you to participate in specific advocacy efforts if strategic opportunities arise.

**Follow the Mission by Becoming a Subscriber**
Sign-up for our biweekly bulletin with updates about Congress, ways to get involved, and future Faithful Democracy coalition activities or campaigns.

**Engage in the Mission by Joining Our Listserve**
If democracy is part of your work or if your organization would like to be more actively engaged in advocacy, the Faithful Democracy coalition listserve is a valuable clearinghouse of ideas, networking and advocacy efforts among our partners.

**Share the Mission With Our Resources**
We are expanding and updating our educational resources in 2021 for interfaith audiences to better understand the moral imperative of fair democratic systems and the need for reforms.
